

K-love is so uplifting and encouraging. I have been having a tough time in the past 1 1/2 years. A friend of mine told me about K-love. I started listening to it and I have been so blessed. I know I can always turn it on and be encouraged. The music is outstanding. The dj's are awesome. The pastors on staff are incredible. I have asked for prayer a couple of times for my situation and they have been there for me. I can't imagine not having K-love. Please don't take them off the air. They are such a blessing to so many people. Thank you for your time. Michele Harrison
